COME OUT AND **PLAY**

Ready or not, here comes the new Ford Escape. The SUV born to play. With a bold grille, sculpted styling and dynamic handling, it loves to seek, not hide. Find new favourite places. Discover new music. The new Escape has the latest tech to play Spotify, and that's just the start.*

This is the new Ford Escape. Not just another family SUV.

Escape Features

Powerfully Efficient

Spend time exploring, not standing at a pump. EcoBoost engine technology uses an advanced combination of direct injection and turbocharging designed to save you fuel, time and money, all without compromising style or performance.

Extra Set of Eyes

The Escape's wide-angle reverse camera automatically activates when the reverse gear is selected. It gives you a clear view of what's behind you and takes the guess work out of reversing.

Peace of Mind

There's nothing more precious than family. With 7 airbags and some of the most advanced safety features available, you can enjoy real peace of mind.

Just say the word

SYNC[®]3 is at your voice command¹. Make calls, play music, activate your SatNav and even some of your favourite apps. That's just the start. It also includes an 8-inch capacitive touchscreen, USB port and Bluetooth² connectivity.

Let the sun shine in³

A full-length glass panorama roof offers a bright and airy drive. If you crave some fresh air too, slide it back completely at the touch of a button. A Solar Reflect coating helps keep the interior cool, while an internal blind provides shade and privacy when you need it.

All-Wheel Drive System⁴

Whatever your day brings, the intelligent All-Wheel Drive System is ready to tackle changing conditions. Every 16 milliseconds the system monitors each wheel and increases or decreases the amount of torque to help optimise grip and handling in all conditions.
